

Sugar And Spice

Icon for Hire

I don't want your sugar and spice, sugar and spice
I don't want your sugar and spice, sugar and spice

Ooh whoa-uh-woh, Ooh whoa-uh-woh, Ooh
Ooh whoa-uh-woh, Ooh whoa-uh-woh, Ooh
Ooh whoa-uh-woh, Ooh whoa-uh-woh, Ooh

Sometimes I say really dumb things 'cause it's hard to talk and at the same time think
At the same time, I feel like I should have that down, I should've figured out the conversation by now
There's a lot of time wasted hating the way I act, social skills I'm not sure I have
The list of what's wrong runs way too long and I had no idea 'till you came along

Over and over (Over and over)
Track on repeat (Track on repeat)
There's something wrong with me
There's something wrong with me

Got me, they got me, they got me hooked so good
High fructose Hollywood

I don't want you your sugar and spice, sugar and spice
Sugar and spice and everything nice I poured down the drain of my life last night
I don't want you your sugar and spice, sugar and spice
Sugar and spice and everything nice I poured down the drain of my life last night

I'm not stressing, obsessing over who I'm not impressing
I know perfection's infectious or is it more like infection
It gets under your skin because you know I'm ignoring you
Wouldn't you rather be broken than boring too?
