Cut The Crap

Icons of Filth

Scratch their backs and they'll stab yours
Show signs of patriotism and they'll start wars
They shed our inners in the battlefields
They'd shed our outers as the napalm peels
Look around the world
Do you believe what you're seeing?
It shows their only concern
Is for their welfare and well-being
They couldn't give a shit
If we live or die
Our flesh means nowt they want victory

Chorus:
Cut the crap and don't believe 'em
Cut the crap religion
Cut the crap politicians
Cut the fucking crap - now

Religion is exaggerated
Shit life ain't pre-determined
Life's what we make it
Are we all gonna die and all go to Gods heaven?
Religion. Lie. Religion. Bribe. Religion. Oppression
There ain't no heaven
We're living on it
There ain't no hell
We're going through it
There ain't no God
No heavenly voice
Heaven or hell - make your choice

Chorus:
Cut the crap and don't believe 'em
Cut the crap religion
Cut the crap politicians
Cut the fucking crap - now

You say
"look at some countries and their lack of freedom"
Then you say
"look at us, we've got more freedom
and you condemn anything contrary
'cos it threatens your 'freedom'
Do you honestly call that freedom?
Well I say you can't compare measures of freedom
Because freedom doesn't come in measures
Freedom is total
Either you got it or you ain't
We ain't, they aint, we ain't

Chorus:
Cut the crap and don't believe 'em
Cut the crap religion
Cut the crap politicians
Cut the fucking crap - now
