

I am the man in the white coat
Wherever there's pain you will find me
I record the data as cats choke
Then present to the government my findings
I tell them I'm nearly there
That I've nearly found it
Need another million pound grant to help me
I've discovered a new chemical in cat shit
Syringe it into dogs eyes to benefit humanity
After three months of the same medication I find
Ten were driven insane and the others went blind
Says Dr Dickhead the bollock brained scientist
"Wow, I've just discovered rabbit flesh ribs
I'll inflict pain and torture & commit any crime
If there's a PHD at the end of the line
I'll be a murdering shithead and a licensed thug
Until I discover a new wonder drug
I deal in any futile atrocity
Blind to the fact it's all just curiosity
You know I'll never run out of patients to treat
For every thousand that die there's a thousand on the
streets
Fifty brainless monkeys with fifty smashed skulls
Vivisected by yours truly until their senses are dulled
One brainless moron like me torturing habitually
With my mindless fucking probing which typifies
humanity
Yes it was fucking sickening what happened to the Jews
Humans vivisected by Nazi pigs in queues
The age of the concentration camp never left us at all
The scalpels are still sharp and clean within these
four walls
Killing a rat, murdering a cat
The torture of a Jew again
Doesn't matter who feels it
The pain is still the same
Taken from it's cage, consequences paid
The same fascist pain and torture but in another age
