

## In The End

Ida Maria

Twenty-two summers  
And I hope You'll have a hundred more  
Colors of this roof  
Will always follow

I hope we meet in the end  
With wrinkles like the divas  
And we'll dance again and again  
In the end  
In the end  
oh oh oh

Days and months and years  
In cities people love and fear  
Make out wherever she's out drinking  
Always be ?

I hope we meet in the end  
With wrinkles like the divas  
And we'll dance again and again  
In the end  
In the end  
oh oh oh

I hope we meet in the end  
With wrinkles like the divas  
And we'll dance again and again  
In the end  
In the end  
oh oh oh

I hope we meet in the end  
With wrinkles like the divas  
And we'll dance again and again  
In the end  
In the end  
oh oh oh
