

# There's No Way

Ideal

Ooh, ooh, no way

There's no way, there's no way  
I can love you like you need  
If you can't say you love me

There's no way, there's no way  
I can give you what you need  
If you can't give it back to me

Said there's nothing I can do  
'Cuz you can't seem to get it through your head  
That I really love you  
Stop playing more you know I do

I feel you, what does it take to make you see  
I'm right here for you?  
What do I have to say?  
Baby, will you listen to me?

There's no way, there's no way  
I can love you like you need  
If you can't say you love me

There is no way, there's no way  
I can give you what you need  
If you can't give it back to me

Every other night  
After we tell each other we're in love  
We seem to start a fight  
Listen to me, I'm tired of being bothered

I don't mean to put you down  
But my options are running out  
I don't mean to cut you off  
But we need to have a talk

'Cuz there's no way, there's no way  
I can love you like you need  
If you can't say you love me

There's no way, there's no way  
I can give you what you need  
If you can't give it back to me

Baby, can you tell me why we have to fight?  
(I would rather not hurt you)  
I just want everything to be alright  
(What's the matter with me loving you?)

I just wanna live for you  
The way you wanna live for me  
I want every little thing  
All the little things to be  
Just the way they used to be, oh, tell me

There's no way  
Love you like you need  
If you can't say you love me

There's no way, there's no way  
I can give you what you need  
If you can't give it back to me

There's no way, there's no way  
Love you like you need  
If you can't say you love me

There's no way  
Give you what you need  
If you can't give it back to me

There's no way
