

Les Lumieres

Idiot Pilot

Please don't love too soon
To your self
I might have to
To your cell phone
I don't want to
Do you?
I don't think so, so please just act slow
It's so ugly
Over before you know
In love

We're trying to help you

My edge runs down
I'm trying so hard
To not shoot
We're glow in the south
You'll wonder aloud

Please don't love too soon
To your cell phone
I might have to
To your cell phone
I don't want to
Do you?
I don't think so, so please just act slow
It's so ugly
Over before you know
In love

We're trying to help you

My each runs down
I'm trying hard to
Not you
We'll glow in the sun
You'll wonder aloud

You
Want
To
Suck me again
You
Want
To
Send her away

We're trying to help you

My each runs down
I'm trying hard to
Bounce
We're glowing the sound
You'll wonder aloud

My each runs down
I'm trying hard to

Bounce
We're glowing the sound
You'll wonder aloud.
