

Dreams of Nothing

Idlewild

You follow it back,
You follow it all back,
And then you take my dreams of nothing,
You regard them all with nothing.
And though the unknown we go back,
You find it in you and take it back,
Until you take my dreams of nothing.
You making it together,
So it feels like we belong,
A place we feel together,
So it feels like we not gone.
When were gone forever.
Are were gone forever?
Are were gone forever?
You follow it back,
You follow it all back,
And then you take my dreams of nothing,
You regard them all with nothing.
Between the road and the waters edge,
An Acolyte of disorder.
Then you burning my dreams of nothing.
Your making it together,
So it feels like we belong,
We reunite together,
So it feels like we not gone.
Cause were gone forever.
Then were gone forever.
I'm were gone forever.
When you feel like you dont know you gotta...
Until you making it together,
So it feels like were all gone,
Your making it together,
So it feels like were all gone.
Your making it together...
Well be gone forever
Well be gone forever
Well be gone forever
Well be gone forever
