

Listen to What You've Got

Idlewild

Listen to what you've got
You listen to what you've got
You listen to what you've got
And then you realise that it's nothing

You listen to what you've got
You listen to what you've got
You listen to what you've got
And then you realise that it's nothing

No

What's in these bad dreams?
And I know your coming backwards
What's in these bad dreams?
You might as well be talking backwards
What's in these bad dreams?
And I know your coming backwards
What's in these bad dreams?
You might as well be talking to yourself

And what you've got
You listen to what you've got
You listen to what you've got
And then you realise that it's nothing

And what you've got
You listen to what you've got
You listen to what you've got
And then you realise that it's nothing

No

What's in these bad dreams?
And I know your coming backwards
What's in these bad dreams?
You might as well be talking backwards
What's in these bad dreams?
And I know your coming backwards
What's in these bad dreams?
You might as well be talking to yourself
