

Just Wanna

Iggy Azalea

Sure enough, she actually thought of me
Thought of me enough to decide that I was the guy she could trust for the whole fun-ness of her party
She wanted to fuck me, she wants my dick

I just wanna fuck
Ah, push it, ah, push it
I just wanna nut
Ah, push it, ah, push it
I'ma put this pussy on your face
Ah, push it
Open up boy, come and get a taste
Ah, push it
I just wanna fuck
Ah, push it, ah, push it

They call me big Iggy, and I'm a bit freaky
If he hit it, then he love it, there's a big reason
I'm tryna take a ride, I'm on the dick speedin'
Can you come and lay some pipe? 'Cause my shit leakin'
I'm tryna bust it open, I ain't strip teasin'
If we fuck, we stuck together like pits breeding
When I put it on his face, I think he quit breathin'
Like "ah"
Sweet Jesus
Break him off proper, booty like a model
Make him give me head, medulla oblongata
I take care of my business, let me move into the office
Make me hush, I'm doin' too much talkin', baby

I just wanna fuck (Fuck, fuck, fuck, fuck, fuck, fuck)
I just wanna nut (Nut, nut, nut, nut, nut, nut)
I'ma put this pussy on your face
Ah, push it
Open up boy, come and get a taste
Ah, push it
I just wanna fuck
Ah, push it, ah, push it

I can tell that you want it by the way that you want me
Go on and put on your saddle, I'm 'bout to hop on the pony
When we fuck, I'ma go in, I be screamin' and moanin'
Your face like a litter box, I put the pussy right on it
I am not tryna cuddle, so don't get caught in the moment
I'ma need you to kill it, then after, send you condolence
When it come to pleasin' you, baby, I'm really devoted
Been like a skeleton, we need to be bonin'
I'm tryna tell you, I'm a freaky ass, messy muhfucka
And if I let him hit, then he a happy muhfucka
And when I throw it back, you better smack it, muhfucka
I grab his hard drive and then I hacked the muhfucka, baby

I just wanna fuck (Fuck, fuck, fuck, fuck, fuck, fuck)
I just wanna nut (Nut, nut, nut, nut, nut, nut)
I'ma put this pussy on your face
Ah, push it
Open up boy, come and get a taste

Ah, push it
I just wanna fuck
Ah, push it, ah, push it

Hey, so did you bring a condom for tonight?
You brought a condom with you?
Yeah, I figured I might as well, you know
I bought a little bottle of spermicidal lude, too
But you laughed at my face when I said I'd be having sex tonight
Yeah, that doesn't mean you shouldn't
Just always be prepared, you know?
You didn't even bring a condom?

Ah, push it, ah, push it
Ah, push it, ah, push it
I'ma put this pussy on your face
Ah, push it
Open up boy, come and get a taste
Ah, push it
I just wanna fuck
Ah, push it, ah, push it
