## Baby, It Can't Fall

You have loved me with energy Backed up with hard work and guts We inhabit eternity We fly forever in space

The way we run together The way we breeze the miles We put our heads together And laughingly we smile

It can't fall It can't fall Baby, it can't fall Death means nothing at all

It can't fall It can't fall Baby, it can't fall Our love will outlive this earth

Words have so many meanings Sometimes mean nothing at all Sometimes I feel so simple I don't know what's coming next

We have swum in the ocean And that was really alright I'm not a big man It's hard to face the world

It can't fall It can't fall Baby, it can't fall

That would nail me to the wall

It can't fall It can't fall Baby it can't fall Our love will outlive this earth

It can't fall
