

# Chocolate Drops

Iggy Pop

When your love of life is an empty beach  
Don't cry (Don't cry)  
When your enemy has you in his reach  
Don't die (Don't die)

When is painful to express the things you feel (Inside)  
When it hurts to share beacause they're bare and real (So real)  
So when everyday is judgement day, I won't pray (Don't pray)  
When there's none to share that empty chair, well OK (Okay)

Chorus:

[When You get to the bottom You're near the top

The shit turns into chocolate drops] (3x)  
...Drops

So fly (So fly) (2x)

When your love of life is an empty beach (Don't cry)  
When is painful to express the things you feel (Inside)

[Chorus]

There is nothing in the stars if You fail to move  
There is nothing in the dark, it's just some old excuse  
Hanging on, let it go!
