

German Days

Iggy Pop

Speak easy
Knock on the door
They'll check you out
Through the peep hole

There's a man
Who knows what you want
There's a girl
Who'll capture your flag

Glittering champagne on ice
Garish and overpriced

Champagne on ice
Dish overpriced

Schnellimbiss
And Pope Benedict
Brilliant brains
And the end of pain

Germany
Must germinate
Germinate
In a German way

Garish and overpriced
Glittering champagne on ice

Berlin and Christ
Champagne on ice
