

## German Days

Iggy Pop

Speak easy  
Knock on the door  
They'll check you out  
Through the peep hole

There's a man  
Who knows what you want  
There's a girl  
Who'll capture your flag

Glittering champagne on ice  
Garish and overpriced

Champagne on ice  
Dish overpriced

Schnellimbiss  
And Pope Benedict  
Brilliant brains  
And the end of pain

Germany  
Must germinate  
Germinate  
In a German way

Garish and overpriced  
Glittering champagne on ice

Berlin and Christ  
Champagne on ice
