Iggy Pop

I work so hard, so don't trip me up
Shakin' a leg like the tail o' the pup
I'm payin' dues till I register heat
Sure hope I don't end up on the street

Home, boy
Home, boy
Everybody needs a home
Home, boy
Home, boy
Everybody needs a home

So many people rise and fall
Who's lookin' after you at all?
Nobody knows anybody at all
Strangers in paradise down at the mall

Home, boy
Home, boy
Everybody needs a home
Home, boy
Home, boy
Everybody needs a home

The life we live is tricky tricky
I love my home, and my family
Who's gonna love you when the
Mountain gets steep?
We're gonna make it-in a Jeep
