

Houston Is Hot Tonight

Iggy Pop

Bright lights, Houston is hot tonight
Arabian sheiks and money, up in the sky
Now I don't mind, a bloodbath, when I've got oil, on my breath
[unknown] eye to eye, Houston is hot tonight

My brain is tired of the wind
Chicago winters, just do me in
They've got a moon man, on the telephone
Project, hey Houston control

[unknown] eye to eye, Houston
It's like, what's happening?

Houston is hot tonight
Houston is hot tonight
Houston is hot tonight
Houston is hot tonight
Houston is hot tonight
Houston is hot tonight
Houston is hot tonight
