

How Do Ya Fix a Broken Part

Iggy Pop

How do you fix a broken part?
How come the sun's too bright to live?
Tell me how to fix it

How do you fix a broken heart?
Who said this life's too much to bear
Just tell me how to fix it

Broken, it's broken
What good is it broken?
What good is it?

How can I fix this broken heart?
How come the sun's too bright to bear?
Anyway, I'll fix it

So, take off your hard hats boys
In a moment of silence
Yeah, get out your toolbox boys
You'll fix me, I know it
How do you fix it?

Get out the toolbox boys
I know you can fix things
I know you can fix things
I know you can fix things

I know you can fix it
So, how do you fix it?
A broken heart
Fix my broken heart
Fix my broken heart
