

# Howl

Iggy Pop

Howl  
Howl

Fuck it  
I feel like howling  
Got nowhere to turn  
They'll kill you  
For your spirit  
This is what you learn

The music of tomorrow is  
What you feel today  
The owners of the future  
Is not the one they say  
A mountain of faces  
Is rapin' my ear

I'm glad that my pride is  
Stronger than my fear  
I'm howling, baby  
I'm howling, baby  
Howling, baby

I knew the producer  
He's got lots of tricks  
He is the star maker  
The bands are little pricks

The music of tomorrow is  
What you feel today  
The owners of the future  
Is not the one they say

A mountain of faces  
Is rapin' my ear  
I'm glad that my pride is  
Stronger than my fear

I'm howling, baby  
I'm howling, baby  
I'm howling, baby  
I'm howling, baby

Howling, baby  
Howling, baby  
Howling, baby  
Howling, baby  
I'm howling, baby
