

Howl

Iggy Pop

Howl
Howl

Fuck it
I feel like howling
Got nowhere to turn
They'll kill you
For your spirit
This is what you learn

The music of tomorrow is
What you feel today
The owners of the future
Is not the one they say
A mountain of faces
Is rapin' my ear

I'm glad that my pride is
Stronger than my fear
I'm howling, baby
I'm howling, baby
Howling, baby

I knew the producer
He's got lots of tricks
He is the star maker
The bands are little pricks

The music of tomorrow is
What you feel today
The owners of the future
Is not the one they say

A mountain of faces
Is rapin' my ear
I'm glad that my pride is
Stronger than my fear

I'm howling, baby
I'm howling, baby
I'm howling, baby
I'm howling, baby

Howling, baby
Howling, baby
Howling, baby
Howling, baby
I'm howling, baby
