

Party Time

Iggy Pop

It's party time and I smell slime
You stupid people make me evil

Dicks and asses, cocktail glasses
Parlor games, exchange of fluids

'Cause it's party time, it's party time
It's party time, I got the slime

Here's a brute, isn't he cute?
He needs a hole to bury his soul in

'Cause it's party time, it's party time
It's party time, I got the slime, I got the slime
