

Sincerity

Iggy Pop

I'm going out I'm going run around with the fellas
The fellas and me we happen to be close relatives.
We know a lucky number bar
It stays open 'til 4
When the chips are down
My fellas come through for me
When the chips are down
They play guitar for me
We have sincerity
I'm going to get a beer
I'm going to get a beer
But I will return my dear
We're going to get a beer
We're going to get a beer
I will return my dear
Yes we have a sincerity
I'm going to get a beer
The corner of Wrightwood and Lincoln
Chicago, Chicago
Your my kind of town your my kind of town
your my kind of town and
I will return I will return I will return I will return
