Talking Snake

Look what you have done, Ruined every single one. See what fools they are, Jealous of a simple star.

Feel the 4 winds blow, Let the sword hang low (baby) Life's to take, Says the talking snake, Everybody should be happy Life's to take, Says the talking snake, Everybody should be happy To tell the sucking truth, Everybody's dreams get used.

Twist me till I drip, Liquid of emotions ripped.

Every hungry soul, Hides a hungry fool (baby) Life's to take, Says the talking snake, Everybody should be happy Life's to take, Says the talking snake, Everybody should be happy Feel the 4 winds blow, Let the sword hang low (baby)

Life's to take, Says the talking snake, Everybody should be happy Life's to take, Says the talking snake, Everybody should be happy Should be happy Should be happy
