

you have, you have
what you need
on your chair
in front of the mirror
it's all for your mind
your mind

so just lay back and
kiss the one that is there
because i'm never there
not so sure i can be
not so sure you'll let me

how can i be right
when there's nothing you can't be
and nothing that you won't be

you can be
what you feel today doesn't matter
something new is your way
cut your head off float away

how can i be right
when there's nothing you can't be
and nothing that you won't be

paint your lipstick on today
you can wipe away tomorrow
wipe away tomorrow
with your lips on me i will stain
i can't wipe away
i can't lose your stain
nothing left in me
for me to change
i can't wipe away
how can i be right
