

Save it for tomorrow
just let me get some sleeping
let me remend
I wasn't born a failure
tonight I feel we are sinking
and I'm thinking once again

So I say goodnight
to dreams that won't be realized
can't sleep with desperation by my side
the memory starts to fade
now i live for better days.

Last night was wrongest morning
so tired of this empty
filling envy
i was in frtont of failure
no more living in regrets
stop feeling sorry for yourself

So I say goodnight
to dreams that won't be realized
can't sleep wit desperation by my side
as the memory starts to fade
now i live for better days.

Oh! I need to end this violence
in a place that I call home
Oh! I need to hear some silence
solitude

So I say goodnight
to dreams that won't be realized
can't sleep wit desperation by my side
as the memory starts to fade
now i live for better days.
