Into the Coven (Mercyful Fate cover)

Ignitor

Howl like a wolf And a witch will open the door Follow me and meet our high priestess

Come, come into my coven
And become Lucifer's child

Undress until you're naked And put on this white coat Take this white cross and go to the middle of the ring

Come, come into my coven And become Lucifer's child

Now crush it, crush the cross

Suck the blood from this unholy knife Say after me: My soul belongs to Satan

Now, now you're into my coven You are Lucifer's child Into the coven Lucifer's child
