

Rune of Power

Ignitor

(Necretia)
Rune of Power
Destroy, devour
That which smashes
Leaving only smoke and ashes
Young Helmut listen to me
We have no time to waste
You missed your chance to kill her
Now we must fight her face to face
We've lost all advantage
She knows you're coming
She knows you're here
We're running out of options
The task at hand is becoming clear
Somewhere in her palace
A sacred object waits
The power it possesses
Will help us seal her fate
Created by the Ancients
Passed down from King to King
A perfect path to glory
A terrifying thing
This fearsome rune of power
Fire forged in dragon's breath
Imbued with darkest magic
Ascendance over death
Battle Hammer
Fist of Valor
That which smashes
Broken bones and thunder crashes
Now you must hasten to her
Tell her you wish to wed
Confidence must be with you
Even join her in her bed
While she's sleeping you must take it
An amulet on a silver chain
My mark will be upon it
Her stolen prize will be her bane
Once you have it, call out to me
You shall find me by your side
Together we will slay the monster
Our victory won't be denied
Rune of Power
Destroy, devour
That which smashes
Broken bones and thunder crashes
Dust and death and smoke and ashes
