

## Lend A Hand

Ijahman Levi

If you should see me  
Action like a child  
Back to the age  
When I was nine  
Please come on  
And lend a hand

If I to free to see  
What really lies  
Ahead of me  
With some love  
Just lend a hand

Lend a hand  
To get myself together  
Lend a hand  
To make life a little easier  
Lend a hand  
If I'm still green  
Still living in my world of dreams  
With some love lend a hand

As much as I a grown up man  
Daily living some times get heavy  
Please hold me on oh Lord  
With a helping hand  
If I'm looking cold and weary  
Rag clothing covering me  
With some love come on lend a hand
