Black Roses

She doesn't know me She doesn't care Behind her darkness Behind her stare

She sees it all She sees it all She sees it all She sees it all

And in my dying hour She gives me black roses And as my time shall pass I'm falling for her

My time is ending My time draws near My time is ending My time draws near Behind her darkness Behind her eyes Behind her darkness There she lies

And in my dying hour She gives me black roses And as my time shall pass I'm falling for her

And now my time has passed I've fallen for her
