

## Secrets Within

Ikon

Yes I know the secrets  
That are within your heart  
Certainty within you  
The gravestones never marked

In the heat of the moment  
In the darkness of the night  
As all senses overpower me  
I am not the one to blame

You will not illude me  
This time I have won  
Victory is very near  
So very close to me

In the heat of the moment  
In the darkness of the night  
As all senses overpower me  
I am not the one to blame (2)
