

Secrets Within

Ikon

Yes I know the secrets
That are within your heart
Certainty within you
The gravestones never marked

In the heat of the moment
In the darkness of the night
As all senses overpower me
I am not the one to blame

You will not illude me
This time I have won
Victory is very near
So very close to me

In the heat of the moment
In the darkness of the night
As all senses overpower me
I am not the one to blame (2)
