

## Can't Help Falling In Love

Il Divo

Wise men say only fools rush in  
But i can't help falling in love with you  
Shall i stay  
Would it be a sin  
If i can't help falling in love with you

Like a river flows surely to the sea  
Darling so it goes  
Some things are meant to be  
Take my hand, take my whole life too  
For i can't help falling in love with you

Like a river flows surely to the sea  
Darling so it goes  
Some things are meant to be  
Take my hand, take my whole life too  
For i can't help falling in love with you  
For i can't help falling in love with you.
