

## Predisposed

III Niño

This is my time  
This is my time  
And now you'll go back where you came from

Now is the time to accept, I'm right  
Was right  
Por ser lo mas provocar was wrong  
Was wrong  
Everything's over and I feel sober  
To start my life  
That one step took me right there

True intentions are not  
Predisposed to our fears  
Searching without a cause

I will not stand here and be controlled  
Inside  
Lo necesito sin tu control  
I'm not fine  
Siento en mi vena ninguna pena  
Without a fear  
I take that one step right there

True intentions are not  
Predisposed to our fears  
Searching without a cause

Like a game of chess I carved your chest  
Don't snap back, pull the trigger into my neck  
Bust your move, drop the news  
It's a crying shame I'm feeling all the pain  
And you want to slap my face  
You'll try to put me in your place  
Well I'll step back and then attack  
This is my time to get my life back

True intentions are not  
Predisposed to our fear  
Searching without a cause  
Yeah  
True intentions are not  
Predisposed to our fears (Fears)  
Searching without a cause
