

Rumba

III Niño

Laying on your back again
You know you will regret this
Yo espero, y quiero
Leave, and the ties
Knot give up to me

Is it a mistake, you set me up
But this will only mean our disgrace
Baila la rumba latina
Swallow the style that i bring you

Say you want to be a friend
But real friends don't play pretend
La sangre, off my face
Leave, and the ties
Knot give up to me
