

## Like Cancer

Illdisposed

Like cancer  
Spreading through the system  
There's no life for us  
No chance of our survival

All hope  
Locked out  
Destroyed  
By something like

Like Cancer  
Raped by the Devil  
You need me

The Poison  
Spreading in my hull  
There's no life for me  
No way I can survive

No hope  
All gone  
Chrushed  
By something like

Like cancer  
You'll fight me
