

**Submit**

**Illdisposed**

I've climbed your mountains  
Sailed down your seas  
I've seen the sunlight set in your eyes  
I filled with lies

Now, can you help me?  
Regain my sights  
Fill me with what I need  
To make my life complete

Strange follows  
Strange follows me  
Plain and hollow  
The strange that you see

I'm pushing  
Pushing harder, pushing

Nobody told me  
Led my own life  
Nobody said a word  
as silence became my friend

No fertile future  
You better submit  
Stop praying, the infinite saying  
That God is bigger than me
