

Rebel power

Ilona Csáková

I feel like I'm losing my head
this day today life makes me mad
ride this bike straight to the sky
better take care
I don't wanna share
get out of my way yeah

Rebel power shakes me up
in the midnight hour
rebel power there's no limit there's no limit
rebel power every single minute
pushing in higher
rebel power I'm reaching out for more
reaching out for more

This time I'll let it blow
Burning up with desire
it comes and I'll let it go
I'll never stop this everlasting fire
don't stop everlasting fire

I don't need heaven no hell
feel so strong I could fly
the world is a joke in my head
better take care
I don't wanna
get out of my way yeah

Rebel power shakes me up
in the midnight hour
rebel power there's no limit there's no limit
yeah
rebel power...
