I Love You

Ilse DeLange

I didn't mean to be so cold Like your arms had never held me Like a story never told But you know exactly how it goes

Still you carry on with pride And you touch me oh so tenderly All the pain you keep inside Wouldn't stop you from defending me Always remembering

I love you Your love's stronger than I can deny I love you Your faith kept us safe

Between two hearts you'll never find A deeper understanding There's no use in asking why When the answer is right before my eyes And I finally realize

I love you Your love's stronger than I can deny I love you Your faith kept us safe

I didn't mean to be so cold

And I love you Your love's stronger than I can deny I love you Your faith kept us safe

I love you Your love's stronger than I can deny I love you Your faith kept us safe
