

# Next To Me

Ilse DeLange

Forgive me if I seem a little careless  
I'm trying, but I'm still so new to this  
I'm learning that I need to  
Let it, let it, let it be

I'm scared that somehow I will mess it up  
That my faith in love will never be enough  
But your voice picks me up and  
Rescues, rescues, rescues me

And every time I try to see  
I am losing sight of what is really there

I just wanna feel like a ship on the ocean  
Flying like a bird, floating in the air  
We don't need to chase any destination, baby  
We can end up anywhere

You can be the anchor that keeps me grounded  
You can be my song, and my summer breeze  
We don't need to chase any destination, baby  
Don't care where we're going  
As long as you are next to me

You're strong, it's everything I'm leaning on  
Your hands, they keep pulling me along  
If you show me, I promise I am  
Listening, listen, listening

Feels crazy, but I think we're breaking ground  
This love is something we have simply found  
Let's put it somewhere we can  
Keep it, keep, keep it, keep it safe

'Cause when I'm holding on too tight  
I am missing out on what is really there

I just wanna feel like a ship on the ocean  
Flying like a bird, floating in the air  
We don't need to chase any destination, baby  
We can end up anywhere

You can be the anchor that keeps me grounded  
You can be my song, and my summer breeze  
We don't need to chase any destination, baby  
Don't care where we're going  
As long as you are next to me

As long as you are next to me

As long as you are next to me

I just wanna feel like a ship on the ocean  
Flying like a bird, floating in the air  
We don't need to chase any destination, baby  
We can end up anywhere

You can be the anchor that keeps me grounded  
You can be my song, and my summer breeze  
We don't need to chase any destination, baby  
Don't care where we're going  
As long as you are next to me

As long as you are next to me
