

Tap Dancing On The Highwire

Ilse DeLange

Bright lights and funny clowns
Hammin' it up on the circus grounds
Horses, big parade
Such a pretty sight, this love we made
From way up here, life's just a ball
With you by my side, love is worth the fall

So we're tap dancing on a highwire
We could go tumbling down
But something makes me want to go higher
Think it's having you around
Oh, get a look at us playing with fire
Oh, we're tap dancing on a highwire
Big applause, from the crowd out there
Watching our hearts hang in mid-air
No strings and no fear
Keeps our love suspended up here
We know we could go lose our balance and fall
but a heart that don't dance
Ain't a real heart at all
