

# A Is For Action

Ima Robot

A is for action  
P is for paranoid  
A is for anger  
Out here in the void  
C is for countdown  
O is for over  
LYPSE are for your lips smashed on mine  
When the world blows up

Hang on, hang on, hang on  
Where do they go?  
Save your soul now, got to stay strong  
Hang on, hang on, hang on  
Hangin' on, hangin' on  
Til the old man bangs the gong

G is for greed  
O is for order  
V is for villains in 3-piece suits defining the borders  
E is for empire  
R is for revenue  
N is for not for me but none was  
MENT for you and me

Hang on, hang on, hang on  
Where do they go?  
Save your soul now, got to stay strong  
Hang on, hang on, hang on  
Hangin' on, hangin' on  
Til the old man bangs the gong

We don't care if we're wrong or right  
All we wanna do is fight  
Who cares if we're wrong or right?  
Who cares when we can just fight?

D is for disease  
E is for entropy  
A is for acceptance so drop your futile weapons  
T is for time and you ain't got much left  
H is for Heaven or Hell  
Now let's hear it for death

Beggars, poets, hustlers  
Wall street, rich boy, suckers  
My friends, you know that no side's better in the end  
We're all gonna fry together

Hang on, hang on, hang on  
Where do they go?  
Save your soul now, got to stay strong  
Hang on, hang on, hang on  
Hangin' on, hangin' on  
Til the old man bangs

Hang on, hang on, hang on  
Where do they go?

Save your soul now, got to stay strong  
Hang on, hang on, hang on  
Hangin' on, hangin' on  
Til the old man bangs the gong
