

I'm a reckless mistake  
I'm a cold night's intake  
I'm a one night too long  
I'm a come on too strong

all my life I've been living in the fast lane  
can't slow down  
I'm a rollin' freight train  
one more time  
gotta start all over  
can't slow down  
I'm a lone red rover

I'm a hold my cards close  
I'm a wreck what I love most  
I'm a first class let down  
I'm a shut up sit down

I am a head case  
I am the color of boom  
that's never arriving  
at you are the pay raise  
always a touch out of view  
and I am the color of boom

all my life I've been living in the fast lane  
can't slow down  
I'm a rollin' freight train  
one more time  
gotta start all over  
can't slow down  
I'm a lone red rover

oh  
how did it come to this  
oh  
love is a polaroid  
better in picture  
but never can fill the void

I'm a midnight talker  
oh I'm an alley walker  
I'm a day late two face  
I'm a burn out quick pace

I am a head case  
I am the color of boom  
that's never arriving  
at you are the opera  
always on time and in tune  
and I am the color of boom
