

Grey Monday

Imany

Hey, turn on the lights
Let us see the rain and clouds
Morning has turned into night, into night, into night
It's over from your arms
That I watch
The big white sky
Grey Monday, lazy sight, lazy sight, lazy sight

Let me be what I can be and smile
I wanna stay in bed for a little while

Hey, turn on the lights
The white block that is the sky
It's staring into my eyes, in my eyes, in my eyes
No strength to do anything
No hiding behind your white screen
No excuse to stay in, to stay in, to stay in

Let me be what I can be and smile
I wanna stay in bed for a little while
Let me be what I can be and
Let me be what I can be and
Let me be what I can be
Let me be what I...

Baby, turn on the lights
Let us see the beautiful sky
Oh, morning has turned into night, into night, into
It's over from your arms
That I watch
The day collapse
Grey Monday, lazy sight, lazy sight

Let me be what I can be and smile
I wanna stay in bed for a little while
Let me be what I can be and
Let me be what I can be and
Let me be what I can be
Let me be what I...
