```
It breaks my heart 'cause I know you're the one for me
Don't you feel sad there never was a story
Obviously... there'll never be
And you will never know
I will never show
What I feel
What I need from you no
You will never know
I will never show
What I feel
What I need from you
With every smile comes my reality irony
You won't find out what has been killing me
Can't you see me, can't you see?
You will never know
I will never show
What I feel
What I need from you no
You will never know
I will never show
What I feel
What I need from you
No no no no you will never know
I will never show
What I feel
What I need from you no
No no no no you'll never know
No no no no you'll never know
No no no no
Love me love me love me no
You will never know
I will never show no no no
```

You will never know
I will never show no no no
What I feel
What I need from you no no no
You will never know
I will never show no no no
What I feel
What I feel
What I feel
What I need

What I need from you no.
