

Don't Do Me No Wrong

Imelda May

Don't you do me no wrong, don't you worry
Don't you do me no wrong, don't desert me
Don't you do me no wrong, don't you lie, don't deceive me
Don't you do me no wrong, baby don't you leave me

Don't you do me no wrong, oh baby
Don't you do me no wrong, yeah baby
If you want to get along, don't you do me no wrong

Oh, you better do me right, don't you hurt me
You better do me right, don't desert me
You better do me right and believe me if you need me
You better do me right an' baby don't you grieve me
Don't you do me no wrong, yeah baby
Don't you do me no wrong, oh baby
If you want to get along, don't do me no wrong, oh...

You better be kind when you hold me
You better be kind, don't you scold me
You better be kind, in line all the time
Yeah, you better be kind an' keep me on your mind

Don't you do me no wrong, oh baby
Don't you do me no wrong, yeah baby
If you want to get along, don't you do me no wrong, oh no no

Yeah, you better behave, don't neglect me
You better behave, just respect me
You better behave, make me happy each day
You better behave and treat me like I say

Don't you do me no wrong, oh baby
Don't you do me no wrong, yeah baby
If you want to get along, don't you do me no wrong, oh...oh

Don't you do me no wrong, no no
Don't you do me no wrong, oh oh oh
Yeah, treat me right
Oh, don't you do me no wrong, oh oh oh
If you wanna get along then don't you do me no wrong
