

Five Good Men

Imelda May

Well 5 good men just told me that I was made of gold
Those 5 good men also said they'd leave their wives of old
But what I want and what I need
Is to hear you speak those words to me

Well 5 good men all made a move and brightened up my day
But if you'd been clever boy I'd kept them all at bay
Cos what I want is plain to see
Is to hear you speak those words to me

Now tell me what I want, time's not on your side
I've wasted too much of my life, I've swallowed all my pride
And if you don't free up your mouth this will be the end
I'll just go out this very night and find me 5 good men

Well 5 good men just told me they'd treat me like a queen
I smiled and winked and laughed a lot, but secretly I screamed
'Cos what I want and what I need
Is to hear you say those things to me

Oh 5 good men all told me that I was heaven sent
And I made them feel alive, and now they'll all repent
But what I want and what I need
Is to hear you speak those words to me

Well tell me what I want, times not on your side
I've wasted too much of my life, I've swallowed all my pride
And if you don't free up your mouth this will be the end
I'll just go out this very night and find me 5 good men
And if you don't free up your mouth this will be the end
I'll just go out this very night and find me 5 good men
