

Flame of Love

Imelda May

When I wake in the morning
And your heart is on fire
And you're burning with desire
Well it's the flame of love
When your heart beats down at times
Burn, yet you're feeling fine
Oh that's my to shed aside
That is the flame of love
When the flame burn bright, bright
Everytime you're hold ot down
This is your dear life
Oh it's the flame of love
But if you feel good in your heart
And if you are ever far
Oh that's thats when the tear drops fall
And down the flame of love
