

# Wild Woman

Imelda May

I knew a feral girl  
Once upon a time  
She grew into a werewolf  
That monster was all mine

She was incarcerated  
To the inside of my skin  
And then I sat and waited  
For my nice life to begin

There's a wild woman  
Livin' inside of me  
A wicked, wicked wild woman  
Dyin' to be free, oh, oh

I tried and tried to tame her  
But she fought me tooth and nail  
I couldn't even train her  
So I held on to her tail

I never should've fed her  
Didn't know how much she'd grow  
I cannot keep her in, Kirk  
And I think she's gonna blow

There's a wild woman  
Livin' inside of me  
A wicked, wicked wild woman  
Dyin' to be free, oh, oh

Just a little bit of danger  
And I break out in a sweat  
I'm tryin' to contain her  
But she's slippin' through the net

There's a wild woman  
Livin' inside of me  
A wicked, wicked wild woman  
Dyin' to be free (2x)

Oh, oh
