

## A Boy Like Me

Immature

See a boy like me  
Wants to get a girl like you  
I wanna get you in the mood  
In the mood

When I first laid eyes on you  
You put me in a trance  
I never met no one so fly  
I can't believe my eyes  
My sweet baby, sweet baby  
Come over here  
And let me be your man sweet thing

And I will treat you right

See a boy like me  
Wants to get a girl like you  
I wanna get you in the mood  
In the mood

I realize that we just met  
Not tryin to go to fast  
Not tryin to go to slow  
Now see you got the vibe I like  
Wanna make you my woman tonite  
What am I supposed to do baby  
'cause I wanna get with you sweet thing

See a boy like me  
Wants to get a girl like you  
I wanna get you in the mood  
In the mood
