

# All Alone

Immature

This song is dedicated to my mother  
Who I really loved a lot  
And who I lost  
she'll always be in my heart  
4ever... I love u

I'm all alone  
Alone  
In this whole world  
With no one by my side  
But you  
New you're gone  
Now you're gone  
(2x)

Everyday, I hope and pray  
You'll come back in my life  
You were my friend  
My confidant  
I treasure every moment with you  
Oh what am I supposed to do  
My mother and my friend  
Until the end , i never will forget

I'm all alone  
Alone  
In this whole world  
With no one by my side  
But you  
New you're gone  
Now you're gone  
(2x)

The smile you gave  
The way we played  
You gave me all my strength  
When I think about life  
I know you'll always lead my path  
Apart of you is still in me  
Which means we're always together  
Forever...  
You'll always be  
You'll always be  
Apart of me

I'm all alone  
Alone  
In this whole world  
With no one by my side  
But you  
New you're gone  
Now you're gone  
(2x)

You gave me your love  
I treasured your love  
I miss you

I gave you my love  
Oh, oh, oh  
I know that you love me  
I know you will protect me  
I love you so much  
I don't want to be alone

I'm all alone  
Alone  
In this whole world  
With no one by my side  
But you  
Now you're gone  
Now you're gone  
(5x)
