

## Pay You Back

Immature

I wanna pay you back  
For the things you do for me  
I love you so  
Never let you go

You give me all your lovin'  
And I wanna give you mine  
'cause someone needs to pay you back for  
For being so fine  
I'll lay you on my magic carpet  
And take you on a lover's ride  
'cause I never met a girl who loved me  
Let me lay it on the line

I wanna pay you back  
For the things you do for me  
I love you so  
Never let you go

If I ruled the world I'd give you

Everything your heart desired  
Rubies as red as your lips  
And diamonds shinin bright as your eyes  
I'd build a castle on a mountain  
Way up in the sky  
A million dollar bill for every moment  
'cause girl you are so fly

I wanna pay you back  
For the things you do for me  
I love you so  
Never let you go

Wassup up this Romeo  
And I just wanna let you know  
That I love you  
And I like to pay you back for lovin' me

I wanna pay you back  
For the things you do for me  
I love you so  
Never let you go
