

## Burn With Jesus

### Immolation

Behind the walls of Christ  
the hypocrites recite songs to glorify  
their king who's died in vain  
they betray the holy son

Extinguishing his light  
Their greed and their desire  
Have torn him from his cross

They took down upon us  
As their God looks down upon them  
And sees them for what they are

Devoted to their saints and all their hails to Mary  
Confessions show their weakness  
Pathetic show of faith  
They ease their guilt  
Through the Rosary  
Their false display of piety  
Condemns the God they praise

Their words of adoration  
Spewing from their lips  
Lie far from their hearts  
Their insincere tears  
Fall from lying eyes  
They'll never see his kingdom  
they'll burn with Jesus
